Quadra Sparkling Plus 9 XL & Gooseneck

Billi™

Billi Quadra Sparkling Plus 9 with XL Levered Dispenser & Gooseneck Mixer

The Quadra Sparkling Plus 9 is the ultimate choice in modern design and filtered drinking water appliances, delivering instant boiling and chilled filtered water, with the added luxury of sparkling water. PLUS a separate sink mixer to ensure safety and convenience for all users.

Requiring only cold feed mains supply, the Quadra Plus mixes it's own hot water without the need for any additional under-bench space requirements or boosters.

All our Quadra Plus boiling and chilled range incorporates Billi's core design principles - standing out for its use of innovative energy reclaim technology. Not only does the system save space and energy, but it also eliminates the need for joinery ventilation to transfer waste heat. This technology is backed by the Global Green Tag accreditation.

Supplied as standard with our XL lever dispenser and round gooseneck mixer tap.

UNDER-BENCH UNITS

INSTALLATION REQUIREMENTS

PREFERRED INSTALLATION LAYOUT

WATER SUPPLY

An accessible drinking water supply from a 15mm pipe with a minimum pressure of 4 bar static and 10 litres a minute flow should be located in the base unit of the installation location.

POWER SUPPLY

A 2 x 13 amp double switched socket must be positioned at a high level and accessible within the cupboard. The unit comes with a 1 meter flex cord and plug.

WASTE REQUIREMENTS

A 32mm/40mm mains waste pipe is required within the base unit. This pipe should include a trap or u-bend to prevent any unpleasant odours. If there is a spigot waste connection, two spigots are required to connect to the waste and condenser line.

WARRANTY

The Billi Quadra Plus Range is covered by a comprehensive 2 year warranty on all parts and labour.

FILTRATION

Billi's range of premium filters utilise BWT's unique Fibron X technology which provide superior taste, water quality, consistent filter life and peace of mind on the topic of hygiene.

Supplied: 994051 (5 micron)

On request: 994032 (recommended iX02 limescale filter)

CERTIFICATIONS & COMPLIANCE*

Every Billi drinking water appliance is manufactured under a certified quality control system. All Billi commercial range models have been tested and comply with all required standards including: ISO 9001:2015, QEC 11627; WRAS certified; WELL Cornerstone Member, BREAMM compliant; LEED compliant; Global Greentag Certified.

* Drawings are for guidance during specification, refer to Installation requirements for final install. All efforts are made to ensure Certifications & Compliance claims are current, however this is subject to change without notice.
